Subject: Modification to QC/QA review

Good Morning All,

In an attempt to be more efficient and to return important QC materials to the laboratory in a timely way, I am making the following changes to the way in which we will review QC documents.

- CT/Environmental Laboratories – on the first Monday of the month we will review documents in lieu of the scheduled weekly meeting. If it is a Monday holiday, we will review on Tuesday.
- Lead Lab and Drug Lab – Sydney will schedule individual meetings with each laboratory. My preference is to have only 1 lab QC meeting/week. If there is a day of the week or week of the month that is better than others, let me or Sydney know and we will try to accommodate.

Thanks, Julie

Julianne Nassif
